

# TOWARDS NICER SLIDES

Matt Bovel @LAMP/LARA, EPFL

April 19, 2022

# MARKDOWN

- Item 1 1. Item 1
- Item 2 2. Item 2

*Emphasis*, **Strong**

*Quote*

# SYNTAX HIGHLIGHTING

---

```
val a = if true then 0 else 42
transparent inline def hello() = ???
case class Foo(val bar: Int)
extension (o: Object) def baz() = ???
```

(Supports Scala 3 syntax!)

# LATEX

---

$$\phi = \frac{a}{b}$$

# SLIDE BREAK

Can break to the next slide without a new heading using a Markdown section break:

```
---
```

Second part.

# FRAGMENTS

First thing

Second thing
